

Ganesh Jannu

Product Designer | UI/UX Designer | SaaS & Enterprise UX

Hyderabad, India | ganeshjannu05@gmail.com | +91-9666266614 | [Portfolio](#) | [LinkedIn](#)

ABOUT ME

Detail-oriented UI/UX Designer with 3+ years of experience creating scalable, user-centric digital solutions for SaaS, enterprise, and web environments. Strong expertise in research, interaction design, wireframing, prototyping, and design systems. Skilled at translating complex requirements into intuitive experiences that elevate usability, engagement, and business outcomes. Proven ability to collaborate with cross-functional teams in agile setups.

EXPERIENCE

UX Designer — Innovatechs Technology Solutions, Hyderabad March 2025 – Present

Executed end-to-end experience design for enterprise SaaS and government systems, emphasizing efficiency, accessibility, and ease of use. Performed research, usability validation, and heuristic reviews to uncover pain points and refine interaction flows. Produced wireframes, prototypes, and high-fidelity responsive layouts for web and mobile. Established a design system with 60+ reusable components, cutting design-to-development handoff time by 25%. Partnered with product managers and engineers in agile environments to deliver insight-driven solutions.

Product Designer — North North Software Solutions, Hyderabad November 2024 – January 2025

Engineered a cybersecurity SaaS product with emphasis on navigation clarity and overall structure. Streamlined onboarding and dashboard journeys to reduce friction and elevate task efficiency. Coordinated with developers and stakeholders to ensure precise implementation of responsive and intuitive layouts. Leveraged iterative feedback and human-centered principles to strengthen overall experience quality.

UI/UX Designer — Mindwave Solutions, Hyderabad Mar 2023 – October 2024

Crafted responsive web and mobile experiences through a human-centered approach. Generated wireframes, prototypes, and high-fidelity UI screens using Figma and Adobe XD. Facilitated discovery research, usability validation, and iterative refinements to strengthen interaction quality. Built reusable component libraries to ensure consistency across products. Advanced flows, micro-interactions, and accessibility to deliver engaging digital experiences.

SKILLS

UX & Design : User Research, User Flows, Journey Mapping, Wireframing, Prototyping, Interaction Design, Information Architecture, Usability Testing, Heuristic Evaluation, Design Systems, Accessibility (WCAG), A/B Testing, Dashboard Design, SaaS UX, Enterprise UX, Data-Driven Design.

Tools : Figma, Adobe XD, Photoshop, Illustrator, Notion, HTML, CSS, AI Tools: ChatGPT, Figma AI, Lovable, Claude, Motiff, Figma Make

Additional Skills : Agile Methodologies, Stakeholder Management, Cross-functional Collaboration, Problem Solving, Time Management

KEY PROJECTS

- DOE & TAQA-WS Platform**: Developed regulatory dashboards and compliance workflows handling complex data; increased monitoring efficiency for internal teams
- Active Properties** : Directed end-to-end UX execution; streamlined agent journeys and minimized task friction
- Procurement Platform** : Constructed vendor onboarding and RFP processes; elevated document validation clarity and reduced errors
- CyberSkull** : Launched an online learning solution, optimizing flow for browsing, registration, and course consumption
- Medical Share** : Delivered an intuitive platform for renting and selling medical equipment; simplified the rental process and boosted customer satisfaction by 25%

EDUCATION

Bachelor of Business Administration June 2019 - May 2022
Jahanavi Degree & Pg College , Hyd - Telangana

Certification- Post Graduate Professional Program - UI/UX Design Specialization September 2023 - May 2024
ICAT Design & Media College. Hyd, Telangana
